

# BioTE<sup>®</sup> Iodine 12.5 mg Dietary Supplement

Iodine has been well established as an essential trace elemental that is necessary for proper thyroid function. However, despite its identification for well over a century, iodine deficiency continues to be an endemic problem with nearly 2 billion individuals (30% of the world population) having insufficient iodine intakes.

**IODINE** provides numerous significant biological importance in addition to proper thyroid function.

- ✓ Low Iodine = Development of Goiter
- ✓ Creation of Thyroxine (with amino acid Tyrosine)
- ✓ Breast Tissue Health (deficiency susceptible to lipid oxidation and fibrocystic breast disease)
- ✓ Ovarian Health (deficiency susceptible to cysts)
- ✓ Immune Health (iodine possessing antimicrobial, antibacterial, antiviral properties)
- ✓ Halide Displacement (from Bromine, Fluorine and Chlorine)

BioTE Iodine provides both Iodine and Iodide as certain glands and tissues have specific affinity for the different iodines such as thyroid and brain using iodide while breast, prostate and stomach using mainly iodine.

In addition to providing much benefits with iodine/iodide, BioTE Iodine is specifically formulated to contain two synergistic nutrients, Zinc and Selenium.

**ZINC** plays several crucial roles including:

- ✓ Immune Support
- ✓ Thyroid Hormone Metabolism
- ✓ Mental Health
- ✓ Wound Healing Support

**SELENIUM** further contributes to this powerful trinity through its own role including:

- ✓ Primary Anti-Oxidant
- ✓ Thyroid Hormone Metabolism
- ✓ Cardiovascular Health
- ✓ Immune Support

## Supplement Facts

Serving Size 1 Capsule  
Servings Per Container 180

Amount Per Serving	% Daily Value	
<b>Total Iodide/Iodine</b>	12.5 mg	<b>8333%</b>
Iodide (as Potassium Iodide USP)	7.5 mg	
Iodine (as free Iodine USP)	5 mg	
<b>Zinc (as Zinc Amino Acid Chelate)</b>	10 mg	<b>67%</b>
<b>Selenium (as L-Selenomethionine USP)</b>	200 mcg	<b>286%</b>
<b>Potassium (as Potassium Iodide USP)</b>	1.2 mg	<b>&lt;1%</b>

## OTHER INGREDIENTS:

Microcrystalline Cellulose, Silica, Sodium Copper Chlorophyllin in Vegetable (Cellulose) Capsules

## SUGGESTED USE:

As a dietary supplement, take 1 capsule once or twice daily, or as directed by your healthcare practitioner.

## Vegetarian & Kosher Certified
